To Whom It May Concern:

Re Pre-purchase survey conducted on Dream Weaver

In April 2006 we began the process of purchasing a 46ft cruising catamaran at a value of approx \$400K. A pre-purchase survey was needed. After making enquiries within the boating industry and Marine Surveyors Association Mr. Peter Pope was our choice of surveyor.

Mr. Pope conducted our survey in May 2006. His professionalism and depth of knowledge was befitting the trans global sailor we found he was.

Mr. Pope presented us with a comprehensive in depth survey and analysis of the catamaran. Based on his observation and recommendations we purchased the boat. Since then we have travelled many hours under sail and motor. The fact that we acted on Mr. Pope's recommendations ensured that we have had no trouble – In fact any marine trades persons that has been on the boat has commented on the thoroughness of Mr. Pope survey.

Mr. Pope is, we believe an outstanding marine surveyor with an obvious industry reputation for honesty, reliability and uncompromised integrity. Should you wish more detail of our pre purchase inspection or anything thereafter please contact us.

Regards

Mark Cahill
